Esraa Yaser Gaber Elzaghal

Data Analyst | Junior Data Scientist

El Mahalla El Kubra, El-Gharbia, 31911

+20 15 5224 7074 esraa.elzaghal19@gmail.com

WWW: https://www.linkedin.com/in/esraa-yaser-/

Professional Summary:

Results-driven Data Analyst and aspiring Data Scientist with hands-on experience in **data analysis, data cleaning, and data preprocessing**. Proficient in **Python (Pandas, NumPy, Scikit-learn), SQL, and Excel**, with strong expertise in **exploratory data analysis (EDA), statistical analysis, and data visualization using Matplotlib and Seaborn**. Experienced in building **machine learning models** and applying **predictive modeling techniques** to extract actionable insights and support **data-driven decision-making**. Skilled in working with **structured and unstructured data**, with a solid understanding of **end-to-end data analysis workflows**. Demonstrates strong **problem-solving, analytical thinking, and communication skills**, with a commitment to continuous learning and applying advanced analytics techniques.

Skills:

- Data Analysis
- Predictive Analytics
- EDA
- Excel
- Python
- Pandas
- Scikit-learn
- Seaborn
- Communication
- Time Management
- Machine Learning
- Statistical Modeling
- Data Cleaning
- Jupyter Notebook
- SQL
- NumPy
- Matplotlib
- Plotly
- Teamwork
- Attention to Detail

Experience :

Freelance Data Scientist | Self-employed | Remote | 2024 – Present - Completed

5+ freelance data science and data analysis projects for clients.

- Built interactive Excel dashboards for sales and business insights.

- Developed machine learning models using Python to improve prediction accuracy.

- Delivered end-to-end data solutions including data cleaning, analysis, and visualization.

Data Science Intern | CodeAlpha | Remote | June 2025 – July 2025

- Developed machine learning models and dashboards, improving prediction accuracy by up to 15%.

- Built end-to-end data science projects and collaborated within a remote team.

Data Science Track Participant | Digital Egypt Pioneers | Tanta, Egypt | Oct 2024 – May 2025

- Completed 100+ hours of training in data analysis, machine learning, and AI.

- Built predictive models and dashboards with up to 90% accuracy.

AI & Data Foundations Trainee | IBM SkillsBuild | Remote | July 2023 – Dec 2023 -

Developed data science projects including data visualization and predictive modeling.

- Applied Python and Excel for real-world data analysis tasks.

Data Science Intern | CodSoft | Remote | Mar 2025 – Apr 2025 -

Built machine learning projects and optimized data pipelines.

- Published projects on GitHub demonstrating practical applications.

Education

Bachelor of Science | Faculty of Science, Tanta University | Computer Science

Gharbia | Expected in January 2027

Projects :

1. Sales Forecasting and Demand Prediction – *May 2025* •

- Group project on forecasting sales and predicting demand.
- Contributed in modeling for accurate predictions.
- GitHub Link

2. Unemployment Prediction in India – *Aug 2025*

- Developed predictive models for unemployment trends in India.
- Focused on data preprocessing and modeling.
- GitHub Link

3. AI Breakup Recovery Agent – *Dec 2025*

- Created an AI agent for emotional support with 4 modules: Therapist, Closure, Recovery, Portal.
- Responsible for agent design and integration.
- GitHub Link

4. International Sales Dashboard (Excel) – *Jul 2025*

- Built Excel dashboard with sales predictions and insights for international markets.
- Automated data visualization for decision-making.
- GitHub Link

5. Education Dashboard (Excel) – *Nov 2025*

- Developed Excel dashboard for analyzing educational data.
- Focused on interactive visualizations and reporting.
- GitHub Link

Certifications :

- Freelance Project – ITIDA GIGs Platform (June2024-September)
- Digital Egypt Pioneers – Data Science Track (Nov 2023–May 2024)
- Data Science Internship – CodSoft (Mar–Apr 2025)
- Data Science Internship – Code Alpha (Jun–Jul 2025)
- AI Program – IBM SkillsBuild (Completed 2024)
- UNICEF "Meshwary" Program (Jan–Feb 2021)
- Modern Leadership – STJEGYPT (Apr 2025)
- Communication Skills – STJEGYPT (Apr 2025)
- Time Management – STJEGYPT (Apr 2025)

Languages :

- Arabic: Native • English: B1 (Intermediate)
